ClimateMaster, Inc.

(Oklahoma City, OK) -- ClimateMaster, Inc. is the world leader in the production of water source heat pumps, manufacturing a complete line of quality constructed units for a variety of commercial, industrial and residential applications. Since the early 1950 s, we have focused on offering the largest number of product/system configurations on the market, while also leading the field in product innovations and manufacturing processes.

Headquartered in Oklahoma City, Oklahoma, ClimateMaster, Inc. manufactures all products in a state-of-the-art production facility spanning over a quarter of a million square feet. After passing more than 100 rigorous quality control checkpoints through a new automated Process Control System, ClimateMaster products provide conditioned air and water to thousands of businesses and residences throughout the U.S. and Canada. ClimateMaster products are certified by ARI, Energy Star and have received a number of prestigious awards including a 1998 ASHRAE Technology Award.

ClimateMaster, Inc. is a wholly owned subsidiary of LSB Industries, also headquartered in Oklahoma City.
